

Covid 19 policy 19th July 2021

Good to Go, safety standard

Please be assured we have a comprehensive list of measures including staff training that we put in place prior to our reopening on 15th May 2021. Since then we have updated and adapted our safety procedures regarding keeping you, our staff and suppliers safe whilst on our site.

To achieve this we have read and implemented the Government's COVID-19 reopening guidance, understand the guidance from Public Health England and have a COVID-19 Risk Assessment in place. This includes a checklist confirming we have put the necessary processes in place.

These guidelines and regulations continue to be reviewed as we follow government and UK Hospitality recommendations. We therefore ask you to check the information prior to arrival for your reassurance and to comply with our procedures. For your reassurance we are part of the Visit England 'Good to Go' UK-wide industry standard and consumer mark to reassure our customers that our business adheres to Government and public health guidance.

Before Arrival:

We request that should you be displaying any symptoms of Covid-19 that you call us to postpone your stay with us. These include a new persistent cough, high temperature or loss of smell and taste.
